Training Videos

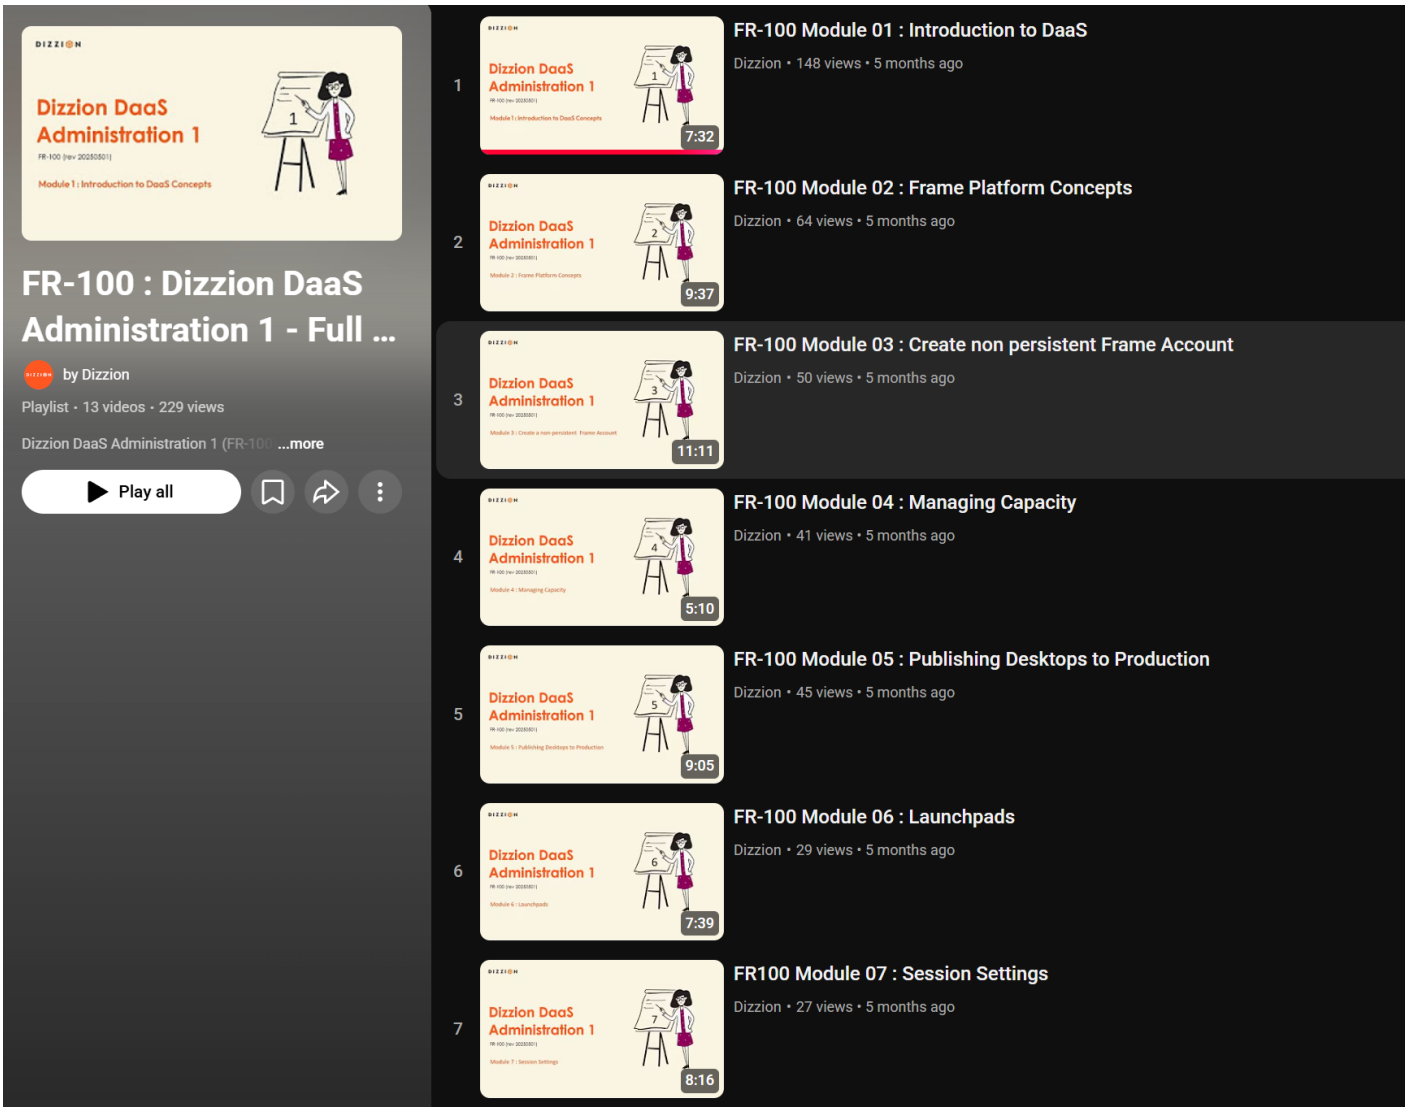

Dizzion DaaS, Cloud PC and Halo training videos

- Dizzion DaaS Administration 1 (FR-100)
- Dizzion DaaS - Live Training Class L100

Dizzion DaaS Administration 1 (FR-100)

This course provides an introduction to Dizzion's Desktop as a Service (DaaS) platform, teaching requisite administration tasks for delivering virtualized applications and desktops. After completion, attendees can:

- Comprehend DaaS architecture,
- Navigate the software,
- Implement and manage RBAC,
- Manage Frame accounts,
- Grasp operational best practices, -
- and troubleshoot issues.
